Dear Ministry Partner,

We are highly grateful for your continued partnership with us in the Lord's work here in Kenya.

Kenya

Terrorists' attacks are fresh and a real threat in the minds of Kenyans. Please pray that hearts will be soft towards the Gospel.

Family

Our family is doing well. Hanness is doing her second year of school and James is set to join her Lord willing next year.

Ministry & Outreach

God is using our Discipleship Evangelism program. We have seen souls saved. Mr. Nthiga was introduced to me by a former student of our college, who after sharing the Gospel received Christ as his Savior. He has been faithful in discipleship lessons and is to be baptized on May 24th

along with 2 other ladies that Esther and I have been discipling.

We just had our annual missions conference through which we have been promoting missions and church planting in our indigenous churches. Members from our sister churches attended. A good number of our members committed to giving monthly towards supporting missionaries and our church planting endeavor in Kitui. A highlight of our missions conference was to see some 6 men from our church and our sister churches coming forward to acknowledge God's call to missions and church planting.

Our church members visited the Kitui Church property

The time for the mission team, Dr. Ball and the group from Tri-City is drawing near (June 25). We look forward to their visit and plan to visit 2 high schools and a teachers college to show evangelistic cinemas and share the Gospel. Please pray for us and Dr. Ball and the group that everything would go well and that the Lord would give lasting fruit.

College Ministry (IBCM)

Our college is back in session for the second term. I am teaching Homiletics to a class of 6 men. This is a great privilege and am looking forward to great time with them.
