October 2015

Dear Friends,

As the hymn writer wrote, "There shall be showers of blessings", we have received many blessings these last two months. In our last letter we wrote asking prayer for much needed rain. We are happy to say that the Lord has answered that prayer and sent the rain needed to fill the lakes. The Lord has not only sent physical showers, but He has also sent many spiritual blessings.

The highlight of this month has been our annual missions conference. We were blessed by having our mission director, Dr. Larry Ball, come preach for us. We also had two of our missionaries come to give a report of their ministries and what the Lord is doing in their fields. We started our conference with an international meal which everyone enjoyed, but we almost had to cancel the meal because of so much rain that afternoon. We are thankful that the rain let up enough that we were able to have the meal and the service. We also had one young pastor and his wife join us for the conference since they would like to start having mission conferences in their church. We were all challenged with the need to increase our support and to do our part for missions in our island and worldwide.

Angel will soon be finishing up the class that he is teaching in the Bible College this semester. It has been a blessing to be part of the training of these young men for the ministry. This semester we have had two students come help us on the weekends so they can get some experience in the ministry.

We are now preparing for our Thanksgiving meal and service which will be November 21 which is always a blessing and a time to remember all for which we have to be thankful. We are also preparing for several Christmas activities and special services in December. Please pray that unsaved people will come and hear the gospel at these special activities.

We appreciate very much your prayers and support for the ministry here. We pray that you each will have a blessed Thanksgiving and a Merry Christmas.

In His service,

Angel & Margaret Espada
